

## Work on Wilmington- Celebration in the Park 2010 Donations Request

What is Work on Wilmington?

Work on Wilmington, a project of the Leadership Wilmington Class of 2010, will show just how much can be accomplished in four hours when people work together. The third annual Work on Wilmington day of service will take place April 17<sup>th</sup> rain or shine.

Early on the morning of April 17<sup>th</sup>, volunteers will fan out to various project sites and prepare to get their hands dirty. The Leadership Wilmington class is soliciting projects that would benefit the community and would be unlikely to happen without Work on Wilmington. Examples might include installing playground, equipment, painting, landscaping, park and neighborhood cleanups and small construction projects.

The more than 2500 Volunteers and their families will celebrate their success with an afternoon of refreshments and entertainment at Hugh McRae Park.
